

## Acerca de este libro

Esta es una copia digital de un libro que, durante generaciones, se ha conservado en las estanterías de una biblioteca, hasta que Google ha decidido escanearlo como parte de un proyecto que pretende que sea posible descubrir en línea libros de todo el mundo.

Ha sobrevivido tantos años como para que los derechos de autor hayan expirado y el libro pase a ser de dominio público. El que un libro sea de dominio público significa que nunca ha estado protegido por derechos de autor, o bien que el período legal de estos derechos ya ha expirado. Es posible que una misma obra sea de dominio público en unos países y, sin embargo, no lo sea en otros. Los libros de dominio público son nuestras puertas hacia el pasado, suponen un patrimonio histórico, cultural y de conocimientos que, a menudo, resulta difícil de descubrir.

Todas las anotaciones, marcas y otras señales en los márgenes que estén presentes en el volumen original aparecerán también en este archivo como testimonio del largo viaje que el libro ha recorrido desde el editor hasta la biblioteca y, finalmente, hasta usted.

## Normas de uso

Google se enorgullece de poder colaborar con distintas bibliotecas para digitalizar los materiales de dominio público a fin de hacerlos accesibles a todo el mundo. Los libros de dominio público son patrimonio de todos, nosotros somos sus humildes guardianes. No obstante, se trata de un trabajo caro. Por este motivo, y para poder ofrecer este recurso, hemos tomado medidas para evitar que se produzca un abuso por parte de terceros con fines comerciales, y hemos incluido restricciones técnicas sobre las solicitudes automatizadas.

Asimismo, le pedimos que:

- + *Haga un uso exclusivamente no comercial de estos archivos* Hemos diseñado la Búsqueda de libros de Google para el uso de particulares; como tal, le pedimos que utilice estos archivos con fines personales, y no comerciales.
- + *No envíe solicitudes automatizadas* Por favor, no envíe solicitudes automatizadas de ningún tipo al sistema de Google. Si está llevando a cabo una investigación sobre traducción automática, reconocimiento óptico de caracteres u otros campos para los que resulte útil disfrutar de acceso a una gran cantidad de texto, por favor, envíenos un mensaje. Fomentamos el uso de materiales de dominio público con estos propósitos y seguro que podremos ayudarle.
- + *Conserve la atribución* La filigrana de Google que verá en todos los archivos es fundamental para informar a los usuarios sobre este proyecto y ayudarles a encontrar materiales adicionales en la Búsqueda de libros de Google. Por favor, no la elimine.
- + *Manténgase siempre dentro de la legalidad* Sea cual sea el uso que haga de estos materiales, recuerde que es responsable de asegurarse de que todo lo que hace es legal. No dé por sentado que, por el hecho de que una obra se considere de dominio público para los usuarios de los Estados Unidos, lo será también para los usuarios de otros países. La legislación sobre derechos de autor varía de un país a otro, y no podemos facilitar información sobre si está permitido un uso específico de algún libro. Por favor, no suponga que la aparición de un libro en nuestro programa significa que se puede utilizar de igual manera en todo el mundo. La responsabilidad ante la infracción de los derechos de autor puede ser muy grave.

# Foreign Travels of the Secretaries of State 1866–1990

**Department of State Publication 9831**  
**Office of the Historian**  
**Bureau of Public Affairs**

*Released November 1990*

## Preface

Foreign Travels of the Secretary of State, 1866-1990, prepared by the Office of the Historian, Bureau of Public Affairs, presents basic information concerning trips taken outside the United States by the Secretary of State. It seeks to be inclusive from the first visit of a Secretary abroad in January 1866 (that of William Henry Seward to the Virgin Islands, then a colony of Denmark, and other points in the Caribbean) to the travels of Secretary of State James A. Baker, III through September 15, 1990.

The publication covers both official and unofficial travel of the Secretary, including foreign visits taken for vacation purposes, when information concerning such visits is available. Coverage, however, does not include trips to U.S. territories overseas, days spent at sea in international waters, or stops at uninhabited islands. Refueling stops outside the United States during transoceanic flights are not included unless the Secretary met with foreign dignitaries, delivered a speech, or transacted other business.

Entries include the name of the Secretary, the country and the city (locale) or dependent area visited, and the inclusive dates of the visit. When multiple locales appear, they are in the order visited. A special section entitled "Remarks" includes highlights relating to each visit, such as meetings with foreign dignitaries, international conferences attended, or other purposes of the visit. When a visit was taken in conjunction with a presidential visit, it is so indicated.

The visits are listed in two separate sequences: (1) chronologically by Secretary of State; and (2) by host country. In the former section, dates indicated for each Secretary are for the Secretary's complete tenure in office. In the latter, visits to dependent territories are included under the country having sovereignty over the territory at the time of the visit. For example, visits to Algeria prior to 1962, when it gained independence, are under France.

The current edition was prepared by Evan M. Duncan of the Policy Studies Division, Office of the Historian. Gabrielle S. Mallon provided research support. Nina J. Noring, Deputy Chief of the Division, reviewed the manuscript under the overall supervision of Division Chief Paul Claussen. Rita M. Baker oversaw the technical editing. Janice E. Adams and Paula M. Lorfano of the Publishing Services Division (Paul M. Washington, Chief) designed the layout. Sarah C. Brennan, under the supervision of Rose J. Grover of the same division, designed the cover.
